

Meet The Coaches:

Chris Beardsley, Assistant Coach

Chris Beardsley started swimming at the North Area YMCA in age group longer ago than he's willing to admit. He swam for the Y all through grade school. While swimming for the Y he qualified for Nationals! He actively swims in United States Masters Swimming (USMS) where he has been ranked nationally.

He is a past board president of the Cortland YMCA, current board member for Niagara Masters swimming and a level 2 certified swimming coach. Chris specializes in technique driven training using real time video feedback for stroke correction and emulation.

Chris has an array of aquatic interests, enjoys downhill skiing, and varied interests in hard and soft sciences. His swimming and coaching experience combined with his video feedback technique is a huge asset to the Electric Eels team!
